

Study in Ukraine

YOUR CAREER STARTS HERE

www.bobtrade.net

DEAR FRIENDS,

As Director of the Bob Trade Education Group, I warmly invite you on behalf of our organization to obtain higher education in Ukraine.

We offer you an excellent education in one of Ukrainian's high quality teaching universities. Ukraine has always been noted for its scholarly citizens. The Institutions are among the top Universities of the World Health Organization, Medical Council of India (MCI) and UNESCO. During the whole course (6 years) all subjects, including medical courses, are taught in English medium. You will have the opportunity to use state-of-the-art training and research facilities. The latest advanced laboratories, teaching aids, instruments, simulators and specialized libraries combined with your lectures will help you to achieve your dream to become a specialist in your chosen field.

I look forward to welcoming you to study in Ukraine! Best Universities are waiting for you!

DEAR FRIENDS,

I'm pleased to introduce you the opportunity to study in the best Ukrainian Universities and get a world-class educational experience providing opportunities to broaden your academic, personal and professional horizons with BobTrade Education Group. Bob Trade Education Group was established in 1995. Since that time more than 10000 students have fulfilled their dreams and have got the chance to study in the best Ukrainian universities for affordable price. The cost of studies in Ukraine is the cheapest amongst the developed countries all over the world.

In addition to worldwide recognized degree, your will have the invaluable experience of living in European country steeped in rich architecture, culture, history and beauty.

We guarantee you high quality education and individual approach to every student.
Build your successful future with us!

Best regards,
Hardeep Singh

ABOUT UKRAINE

Ukraine is definitely the destination to be discovered. It is the largest country in Europe (0,41% of the world territory, 0,85% of the planet population). It borders the Russian Federation, Belarus, Poland, Slovakia, Hungary, Romania, Moldova, and the Black Sea and Sea of Azov. Ukraine is a place with fabulous nature, architectural landmarks and golden-domed churches. Ukraine is a destination on the crossroads between central and eastern Europe, between north and south. It has mountain ranges – the Carpathian Mountains suitable for skiing, hiking, fishing and hunting. The coastline on the Black Sea is a popular summer destination for vacationers. Today Ukraine is a cradle of well-wishing people and country of sunflowers and endless blue sky.

STUDY MBBS IN UKRAINE

That is right choice to come and study in Ukraine for those who seek high quality MBBS education in at a reasonable price.

Since middle 90-ies the number of international students obtained MBBS degree from Ukrainian universities has several fold increased and reached 70 000 foreign nationals in 2015.

International students are interested in gaining MBBS degree in Ukraine for variety of reasons. Ukrainians are advanced, multicultural and open-minded nationals. It is immediately obvious that hospitality and sociability towards international guests who come for study Medicine in Ukraine are essential and sincere character of Ukrainian people.

Ukraine in itself is amazing, picturesque, and diversified European country, where one may really enjoy studentship while studying at Ukrainian higher education establishment.

Apart from social and human aspects Ukrainian universities guaranteed provide high quality education, recognized worldwide. In such manner Ukrainian degree will offer exciting opportunities for getting job in countries all over the world.

Ukraine is considered to be the most stable of all the countries. Ukrainian higher medical universities keep leading positions in the world ranks. The world's leading medical scientists enter the various lecture halls and the wards of hospitals to give their knowledge and share practical experience to numerous students including of foreigners from more than 60 countries of the world, namely India, who study in various medical universities every year.

Ukrainian medical industry is one of the best in the world today and Ukrainian medical degrees have got global recognition and have WHO and UNESCO rankings.

Ukrainian Medical Universities offer an M.D. degree (Doctor of Medicine) like any other University in US, Canada, Europe etc. On successful completion of the 6-year medical course which is recognized by the Medical Council of India, and all State Medical councils, the holder becomes eligible to practice in any state in India. This degree is equivalent to M.B.B.S. in India.

QUALIFICATIONS AND ELIGIBILITY

The student must have passed the higher secondary examination or the Indian School Certificate Examination which is equivalent to 10+2 Higher Secondary Examinations after a period of 12 years of study, the last two years of study comprising of Physics, Chemistry and Biology.

The student must have obtained a minimum of 50% marks taken together in Physics, Chemistry and Biology at the qualifying exam. (40% in case of OBC, SC and ST candidates).

He / She should have completed 17 years of age on or before 31st December of the year of admission to Ukrainian Medical University.

RECOGNITION OF DEGREE

The Ukrainian degrees are globally recognized worldwide. They are recognized by the General Medical Council UK., World Health Organization, American Medical Association USA, Medical Council of India, UNESCO and so on.

The Medical Council of India recognizes only the courses offered by those Medical institutions which are listed by the WHO (World Health Organization) in the World directory of medical schools. Note should also be made that many Indian private medical colleges are still not recognized by the MCI.

Indian students seeking admission in medical courses in Ukraine through Bob Trade Education Group will be admitted only in those Universities whose degrees are recognized by WHO and the Medical Council of India.

DURATION OF THE COURSE

The duration of the medical course will be for a total period of 6 years. All courses are taught in English medium during the whole period of study.

SCREENING TEST

As per the screening test regulation act 2002, of the Medical Council of India, an Indian citizen possessing a primary medical qualification awarded by any medical institution outside India who is desirous of getting provisional or permanent registration with the Medical Council of India or any State Medical Council on or after 15.03.2002 shall have to qualify a screening test conducted by the prescribed authority for that purpose as per the provisions of section 13 of the Act. Once the student successfully completes his Medical course and obtains the Medical degree from Ukraine he/she is expected to appear and PASS the screening test conducted by the National Board of Exams on behalf of the Medical Council of India. The tests are conducted twice a year. Free study materials and printed lecture notes given to students at the Universities along with the set of prescribed medical books recommended by the Doctors Authorized by Bob Trade Education Group not only helps Indian students during their medical course but also prepares them to face and pass the screening test in their very first attempt. More over several coaching classes have been started all over India in order to prepare for the screening test after completion of medical degree in Ukraine.

- Arrangements of excursions and educational tours in Ukraine and European Countries
- 24 hours security in hostels
- Students are given full visa support to visit India during the summer vacations (July 1st to September 10th).

INDIAN STUDENTS IN UKRAINE

Medical education still remains to be a dream for many students in India due to its high cost and rigorous academic competitions.

There are many international students from around the world, including China, India, Europe and Africa, who have made the decision to study in Ukraine. This is not surprising since standard of higher education meets the same standard as in Western countries to give them an enriching foundation for their future. The student teacher ratio is 10:1 and individual attention is given to each and every student. It is very unique because nowhere in India we have this kind of facilities.

The admission procedure is simple, there is no entrance exams and cutoff marks, there is no reservation policy on the basis of caste, creed and color. The students will have just to fulfill the basic eligibility criteria. Moreover payment for medical seat alone in India would cost as close to Rs.25 lakh, apart from the Tuition fees which is around 5 lakhs per year excluding accommodation. In Ukraine the cost of medical education starts from Rs.1.70 lakh per year that includes tuition fees, furnished hostel accommodation and study materials.

Universities in Ukraine integrate the academic, residential, and co-curricular spheres of students' lives, linking the out-of-class experience to the academic mission and incorporating student's intellectual, public service, and leadership interests with student's future aspirations.

Bob Trade together with the Student's Scientific Societies and University Clubs support the expression of the leadership, creative and scientific potential of students and postgraduates. They are the initiators and organizers of the theoretical and practical conferences and forums. Bob Trade takes an active part in social life and solves many social issues. Every year they help students to organize various exciting events: the creative contest "Fresher's Party" for the first-year students, the "Miss University" contest, "World Tourism Day" and many others. Also Bob Trade organizes student's parties, shows, games and festivals like Diwali, Christmas, Holi. Different sports tournaments are organized by Bob Trade for students as well, such as cricket, football, tennis, badminton.

All these competitions and festivals are an unforgettable experience for each student!

UKRAINIAN-INDIAN ACADEMIC CENTER

7 February 2013 Ukrainian-Indian Academic Center was opened at V. N. Karazin Kharkiv National University. The Ambassador Extraordinary and Plenipotentiary of India to Ukraine R. K. Chander together with University administration, Government officials and BobTrade Education Group took part in the official ceremony.

« I am convinced that the Center will help develop Ukrainian-Indian cooperation. One of the constituents of the Center's successful activity is involvement of youth in the process of Indian culture development », – said Ambassador Extraordinary and Plenipotentiary of India to Ukraine R. K. Chander.

The Center is intended to establish and develop fruitful relations with India in cultural, science-related and educational spheres; realize bilateral projects in terms of academic exchanges, mutual educational programs, grants and research.

« Organizing together with BobTrade Education Group various events for students, providing assistance to Indian students studying in Kharkiv and help in arranging their leisure are the main tasks set before the Center. We try to solve students problems and help them in all of the spheres of their life in Ukraine », – said Director of the Center for International Cooperation O. Shapovalova.

KHARKIV NATIONAL MEDICAL UNIVERSITY

Kharkiv National Medical University is the best institution for foreign students who want to study Medicine in Ukraine. The Degree (MBBS, BDS, MD, MDS, MS) of the Kharkiv National Medical University (KNMU) is prestigious and it is recognized in all the countries of the world. **KHARKIV NATIONAL
AEROSPACE UNIVERSITY**

**KHARKIV POLYTECHNIC
INSTITUTE**

Ukraine is one of the few countries of the world where aviation and space engineering is developed and manufactured and where skilled specialists are trained for these areas. National Aerospace N.E. Zhukovskiy University "Kharkiv Aviation Institute" founded in 1930 is a leading one among the Ukrainian educational institutions training out such specialists. The history of the University is closely related with the development of aircraft engineering and science. The University is famous for its high-speed airplane invention (being the first in Europe with a retractable landing gear) and the design of the turbojet engine developed by professor of the University.

The University is a member of International Association of Universities IUA/UNESCO, the EASN (European Aeronautics Science Network), Partnership of a European Group of Aeronautics and Space Universities (PEGASUS). It is also in the International University Catalogue and belongs to the Association of Higher Educational Institutions of Kharkiv city INTERVUZ as well as to the Aerospace Agency of Ukraine. The Degrees and Diplomas of the KhAI are recognized by the International Association of Universities IUA (UNESCO).

The National Technical University "Kharkiv Polytechnic Institute" (NTU "KhPI") is the largest and oldest technical university in eastern Ukraine. Founded in 1885, it is the second-oldest technical university in the Russian Empire (after Saint Petersburg State Institute of Technology) and in the territory of modern Ukraine.

Institute prepares specialists in the fields of machine-building, automation, electrical engineering, electronics, chemical engineering, control systems, management, computer science, software engineering and business.

In the 2012 rankings of the most famous universities in Ukraine the National Technical University "Kharkiv Polytechnic Institute" was in the top 10. It trains full-time students in 91 fields and offers 69 fields for instruction by correspondence. The University consists of approximately 20 different buildings.

**KHARKIV
NATIONAL UNIVERSITY
OF RADIO ELECTRONICS**

DOCUMENTS FOR ADMISSION

Ukrainian Universities start to issue "Invitation to Study" from March every year. We accept Applications to Study in Ukrainian Universities from March till September intake. We secure "Invitation to Study" for students who apply through us earlier and issue their "Invitation to Study" from chosen Universities respectively. It takes about 7 working days to issue an "Invitation to Study" letter from a chosen University. Admission procedures starts with a brainstorming process. You want to be sure that you want to study abroad. At this stage, three major factors must be thoroughly considered.

- Finance / sponsorship
- Meet necessary requirements
- Valid International Passport (Travelling Document)

1. Although studying in Ukraine is much more affordable than other countries, you need to be sure of external financing all through your study program. Apart from your tuition and hostel fees, living expenditure in Ukraine is sparingly not large. An average of \$200 will be enough for a non extravagant student for the month. Note also that this is not fixed in general, as it varies from one individual to another.

2. Confirm with your agent, or the University to ascertain the entry requirements for the course you intend to pursue. It is necessary, as it determines whether you are qualified to receive admission.

3. Check to the validity international passport, with at least one year validity. If you do not currently have a valid international passport, check to confirm that you have enough time to process it without affecting your travel plans. So, be sure to be guided by these three factors in making your decision.

So, be sure to be guided by these three factors in making your decision.
